3D Profile

Features

- Unique spacer design maximises drainage whilst maintaining a smaller finished joint, i.e., the paved area is safer for heels etc. and easier to maintain
- Traditional 200 x 100 size unit
- Suitable for laying in stretcher course and herringbone pattern for heavier use
- Machine lay option available
- Face-mix product to create an enhanced surface finish and better durability

Benefits

- Extremely robust due the increased cement content and Granite surface
- Unlike Natural Granite and Porcelain, the ClimaPave Slane keeps the declared slip resistance extremely low throughout its life cycle
- Cost reduction on supply and installation when compared to natural concrete paving and Porcelain

Sizing

200x100

Packaging Information

Dimensions (mm)	Colours	Pcs per m2	m2 per Bale	Pcs per Bale	Pcs per Layer	Approx Bale Weight (kg)	Profile
